

OCTOBER 9, 2004
9:00AM-4PM

FALL NEUROSCIENCE SYMPOSIUM

FEATURING HANS HOFMANN

WHERE Indian Creek Lodge
900 South Indian Creek Drive, Stone Mountain
(www.gsu.edu/~wwwrec for detailed directions)

WHO Hans Hofmann
Harvard University
"Integrative Neuroscience in African Cichlid Fishes:
Genes, Environment, and Social Behavior"

Don Edwards
GSU Dept. of Biology; Director, Brains & Behavior Program
"Introduction to the Brains & Behavior Program"

Melody Moore
GSU Dept. of Business
"Direct Brain Interfaces"

Paul Katz
GSU Dept. of Biology; Director, Center for Neural
Communication & Computation)
"The Neural Basis and Evolution of a 'Sluggish' Behavior"

Elliott Albers
GSU Depts. of Biology & Psychology;
Director Center for Behavioral Neuroscience
"Introduction to the Center for Behavioral Neuroscience"

Ying Zhu
GSU Dept. of Computer Science
"Graphic Simulation and Visualization for
Neuroscience Research"

Anne Murphy
GSU Dept. of Biology
"Sex differences in morphine analgesia: potential
CNS mechanisms".

Diana Robins
GSU Dept. of Psychology
"An fMRI investigation of the cross-modal integration of
emotion perception in typical individuals and autism"

HOW GSU Departments of Biology and Psychology
Brains and Behavior Program
GSU Biology and Psychology Post Docs

DON EDWARDS
MELODY MOORE
PAUL KATZ
